**If you have any form of voluntary insurance or warranty coverage in connection with the loan on which you seek to skip a payment you should ensure your election to skip does not affect your coverage (examples include but are not limited to: Credit Life, Credit Disability, GAP, Vehicle Warranty in Connection with your loan – not manufacturer or other warranty). Some companies that provide these insurance or warranty services limit the number of extensions on covered loans which may include voluntary skip payments. Such products are provided by third party companies and not the Credit Union so you will need to address any questions to those companies and review your policies / contracts.*
